

REGARDING UNIVERSITY EDUCATION FOR PONGSAKORN KEAWPED (PETCH)

PERSONAL STATEMENT

My name is Pongsakorn Kaewped. My nickname is Petch and my friends at school like to call me Goat.

I have been living at Happy Child Home since I was 6 years old. I am now 17 years old. I studied English – Physical education. At Muang Thalang School Phuket

My family lives in Krabi and I live at Happy Child Home with my brother Jack. When my parents separated my mother had to work hard to earn money to support me and my four siblings. Someone told my mother about Happy Child Home and that me and my younger brother maybe could move there to reduce the cost of care.

I'm so glad I got to move to happy Child Home as it allowed me to see the world in a different way and I got to learn many interesting things that I didn't know and wanted to understand.

I have lived at Happy Child Home for 12 years. Here I also have Dee and Lan who are close friends with me and my younger brother. As we are the same age, we're always together. Happy Child Home has everything to support our studies and we also have foreign volunteers who take care of us which allows me to speak English and understand a little bit more. There are activities like Midsummer and Christmas organized every year which makes us understand western culture.

As I study English – Physical Education, I am a sports event organizer and an athlete. I represent the school in provincial sport competitions such as football, running and high jump. I really like sports, especially football where I play as a left back. As I have knowledge in sports and sports rules, I want to study to become a physical education teacher at university. My dream is to become a teacher in sports and physical education to teach and give advice to others and to have a stable career.

2. As a sponsor you have to commit for all years of study required for the education
3. You can choose to pay per year or monthly payments
4. The money is paid to Barnhem but belongs to the student
5. Barnhem will be the guarantor that the money is used correctly
